1.2 Medium Level (2 points)

				💧		💀	🚩	🧱	🧱
WA-TER			BABA	💧		💀	💀	🧱	🧱
IS			IS	💧				🧱	🧱
WA-TER	🐑		YOU	💧				🧱	WALL
AND			AND	💧				🧱	IS
HOT			FLOAT	💧		FLAG	IS	WIN	STOP
BABA	IS	MELT		💧		SKULL	IS	FLOAT AND	DE-FEAT

1.3 Hard Level (2 points)

BELT IS SHIFT

IS

WALL IS STOP   BABA   STOP

IS

KEKE IS MOVE   YOU

ROCK

SKULL IS SWAP   IS

ROCK IS PUSH

KEKE KEY SKULL

IS   FLAG   IS

KEKE   FLAG   WIN
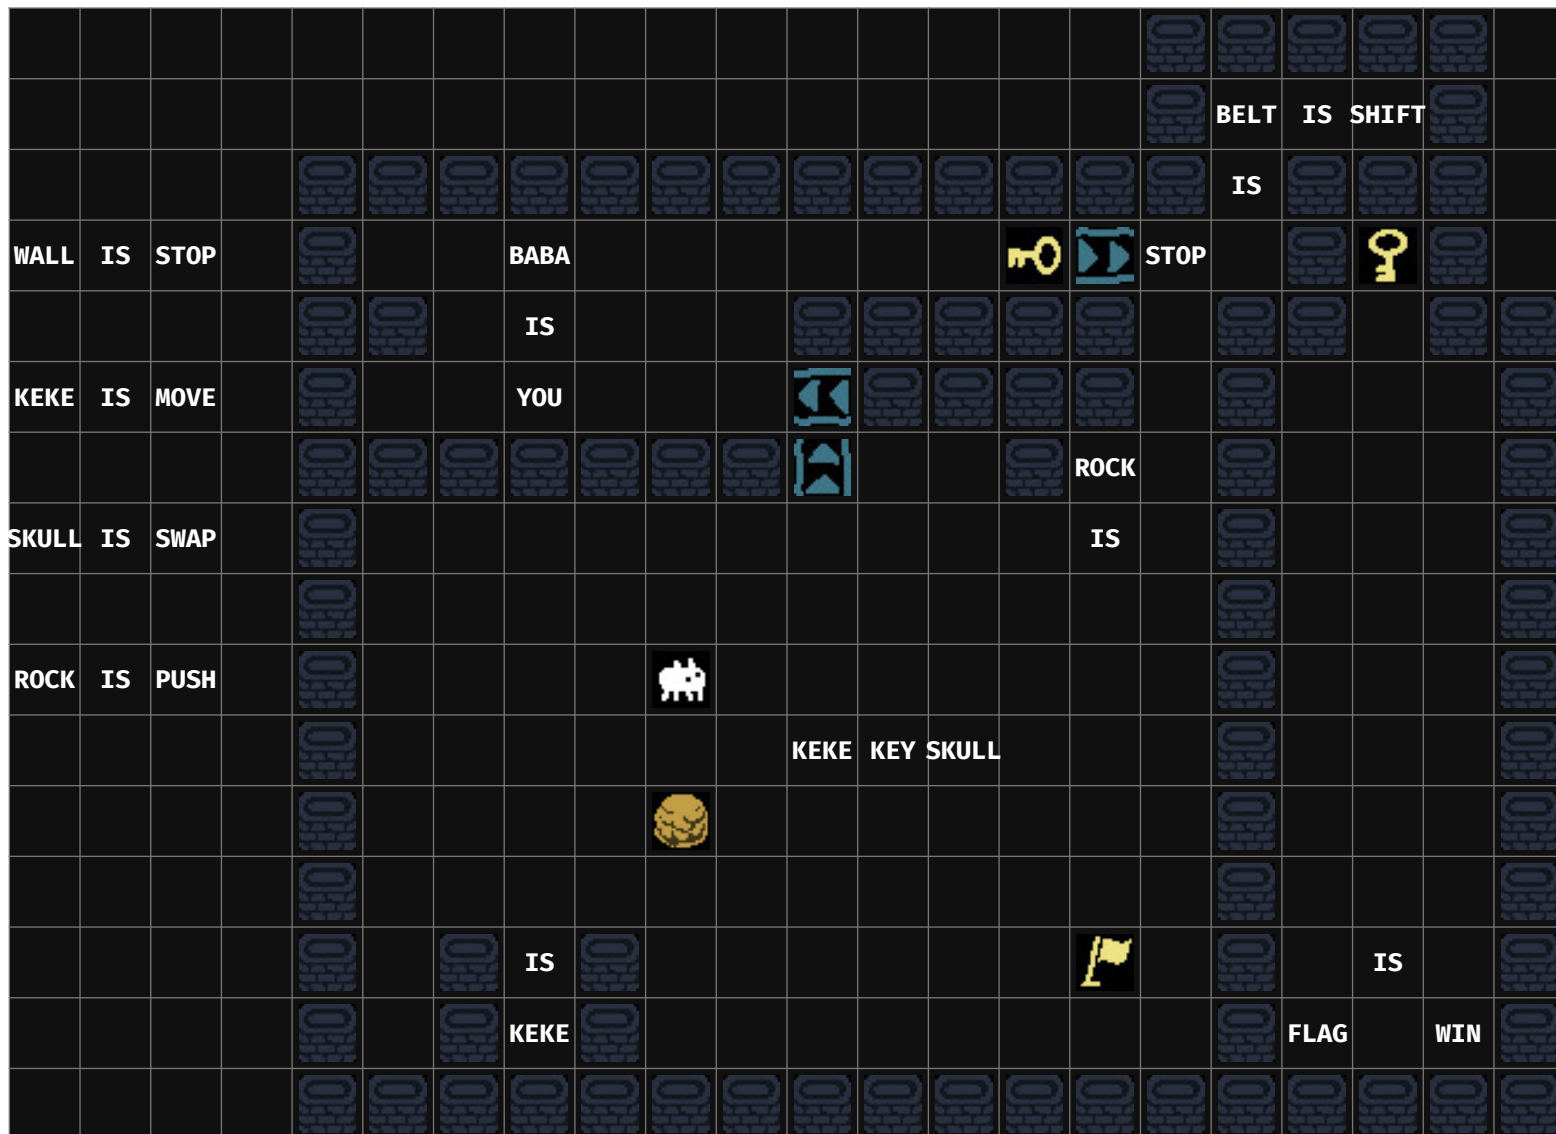

2 Linguistics

1. `KEY WITHOUT WATER ON KEY WITH BELT ON BELT IS WIN; BABA IS YOU`
   Draw one of the simplest state that wins. (2 points)

2. Explain the difference between
   - `BABA IS MELT AND SHIFT AND MOVE`
   - `BABA IS` $\begin{smallmatrix} \texttt{MELT} \\ \texttt{SHIFT} \end{smallmatrix}$ `AND MOVE`
   - `BABA IS` $\begin{smallmatrix} \texttt{MELT} \\ \texttt{SHIFT} \\ \texttt{MOVE} \end{smallmatrix}$

   And point out which one has a different effect. (2 points)

3. An *infinite loop* is created when the set of rules parses infinitely, causing the game to show an "infinite loop" screen and restarting the level

   An example is `FLAG IS WORD` and `IS NOT WORD`

   1. Explain why the example causes an infinite loop (1 point)
   2. Make an infinite loop using `GROUP` (1 points)
      (If `A IS GROUP`, `B IS GROUP`, and `GROUP IS C`, then `A AND B IS C`)
